Good Morning Lakeview Community,

I have attached an outline of the first week's activities for you. We have made some changes to the groupings outlined in June. All students will report to last year's classrooms except for the following groups of children. Ms. Knapp's class will report to Ms. Migliuri's classroom (207), Ms. Migliuri's class will report to Ms. Keirstead's room (203). Our new Kindergarten students will report to Ms. Knapp's modular unit. All **new** students will report to the office and they will be taken to classrooms by office staff.

On Wednesday September 4th, students are to report to the same rooms as Tuesday morning and will be assigned to an intermediate or primary homeroom teacher which will become their base for the week. Students will be going to these rooms for the remainder of the week and dismissed from those rooms. Students will be participating in a variety of activities structured around self-awareness. We will move the children into their permanent classrooms as soon as possible. There is not a timeline for this happening as we need to wait for district approval to put the kids in their new class. We look forward to starting the year with your child and helping them build self-awareness on who they are as they focus on the theme of "What's in a Name".
