Pink Shirt Day Wednesday February 22nd.

Now a movement celebrated across the globe, Pink Shirt Day has humble beginnings — inspired by an act of kindness in small-town Nova Scotia. David Shepherd, Travis Price and their teenage friends organized a high-school protest to wear pink in sympathy with a Grade 9 boy who was being bullied for wearing a pink shirt. The teenagers took a stand against bullying by protesting the harassment and distributed pink T-shirts to all the boys in the school and a day to rally against bullying was born. The idea has only grown each year, with worldwide support and participation.

Our theme this year tied in with Pink Shirt day is a celebration of **Kindness**. We have had kindness messages and discussions as part of our morning announcements and the school have been writing kindness messages based upon the book Heart String.

Division Six is thinking globally to demonstrate kindness!

Lakeview is showing its HEART by thinking globally! We talked about the living conditions in Turkey and Syria right now based on the current humanitarian crisis there and the children were motivated to help out.

With the generous support of the Lakeview PAC, Division Six is going to do a Popcorn Sale on **Wed., Feb. 22nd** at 12:20 to raise money for the Canadian Red Cross. Any donations will be warmly accepted for a bag of popcorn. All money raised will be donated to the Canadian Red Cross since the Government of Canada will matching all donations received before Feb. 22nd (we are just making the cut-off!).

Students and adults will be able to purchase a bag of popcorn on **Wed., Feb. 22** at **12:20**. If you bring a donation (suggested minimum donation \$1.00), you get a bag of popcorn! Something to fill your heart and something to fill your tummy! We truly appreciate all donations.

Thank you, in advance, for supporting this humanitarian cause.

Wednesday, March 8th , 2023

Student-led conferences are on **Wednesday, March 8th**, there will be an **early dismissal at 1:45**. Student-led conferences are looking different in each class this year to reflect the unique and individualized ways that classrooms are documenting and communicating student learning.

Student-led conferences are an important part of the reporting process and is another key point of contact. This is a proud time for your child as they take a lead role in discussing learning achievements and areas for growth! The structure and format of the conferences will vary according to students' grade and the work that they have been doing in each classroom. Students may demonstrate their learning in a variety of ways. For example, they may show you portfolios, journal entries, reports, artwork or writing samples. Some of the materials you see during the conference may have been chosen by your child and some by your child's teacher. Often items are selected for a specific reason. The selections may not always be finished or the most polished piece of work but might demonstrate growth or an area of improvement.
