# Lakeview Elementary Weekly News

Dear Lakeview Community,

Thank you to those families who attended Monday evening's presentation on "Healthy Peer Relationships". Suzanne started by explaining the foundations of social emotional learning (SEL) and how this looks throughout child development.

SEL is the process through which all young people and adults acquire and apply the knowledge, skills, and attitudes to develop healthy identities, manage emotions and achieve personal and collective goals, feel and show empathy for others, establish and maintain supportive relationships, and make responsible and caring decisions.

Children develop SEL skills through many different avenues: observation, direct teaching, play, and generally experiencing the world around them. In school we support students by teaching and modeling a variety of skills; some of these skills include identifying emotions, implementing a calm down strategy, communicating in respectful ways with peers, playing safely, and teaching how to solve problems in peaceful ways (conflict resolution). For more information about SEL please visit the [CASEL website](#).

Amelia Poitras, Principal Lakeview Elementary

- Wednesday, May 8 Div. 1 Swimming
- Thursday, May 9 May Madness Run @ 2:15

### Primary Chapter Book Challenge

We are delighted to launch our Primary Chapter Book Challenge, encouraging students to explore some books from four different early chapter book series. This program aims to foster a love for reading while broadening their exposure to different authors and genres.

Our library time for this season will focus on featuring texts that are part of the challenge, so all students will be aware of the books at school. However, we encourage you to read alongside with your child as they will have the opportunity to sign these books out from the library.

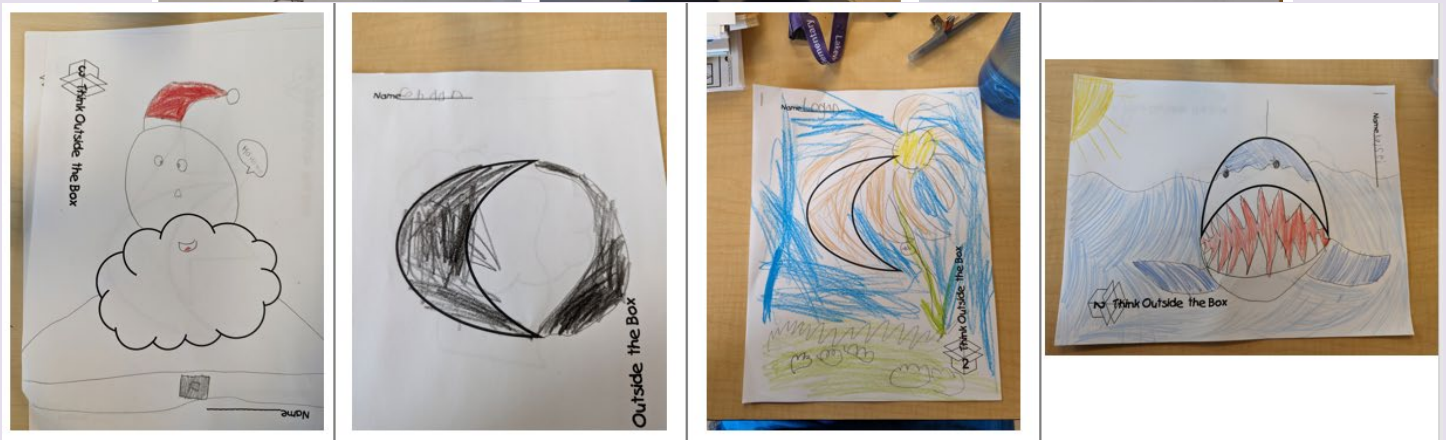

The program kick-off is April 24/25 and voting will take place on June 5/6.

A special thank-you to the PAC for valuing literacy and generously supporting this program.

## Student Highlight: Creative Thinking

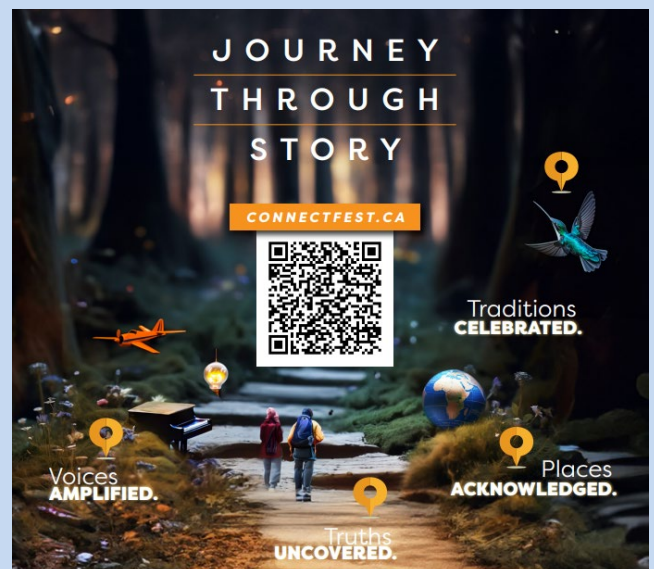

Kindergarten students in Ms. Savard and Ms. Knapp's have been learning about the creative thinking core competency. Ms. Savard read the books *Not a Box* and *Not a Stick* by Antoinette Portis to spark conversations about creative thinking and play. Students then practiced thinking creatively artistically by looking at a shape and using it as part of a drawing/picture. Here are some of their creations.

## Community Opportunity

In partnership with SFU's Office of Community Engagement and the City of Burnaby, the Burnaby School District invites you to participate in the Connect Fest. Connect Fest is a week-long series of free events, featuring performances, lectures, discussions, tours, and more, all designed to inform, engage, and spark creative conversations among Burnaby's vibrant and diverse audiences.

For more details, please click on the link: <https://connectfest.ca/> or refer to the QR Code located on the Flyer.

# Learn To Play RINGETTE

**Register Now! \$75 (April-May)**  
**Ages: 6-11yrs; Adults 30-60yrs+**

Learn to skate & play ringette! Beginners welcome!

You bring the hockey skates and helmet. We will lend you a face mask and a stick. Children receive a jersey to keep. Participants receive \$25 off next season's registration.
