Lakeview Elementary Weekly News

Dear Lakeview Community,

I'm hoping to have increased participation in the Student Learning Survey this year. The Provincial Student Learning Survey is unique in its scope, size and usefulness to schools. It gathers information from parents/guardians/caregivers, teachers, and students on topics related to school environment, safety, and achievement. The information is used for planning in individual schools and provides a district and provincial perspective.

The Student Learning Survey will be administered to students in grades 4 and 7, their parents/guardians/caregivers, and all school staff. We encourage parents/guardians/caregivers to participate in this survey, as the results are important in identifying and celebrating current strengths, as well as determining where the school needs to focus for improvement. The surveys contain standard questions for the province that can help inform what happens in our schools.

The survey can be completed electronically and can be accessed on the Internet at <https://www2.gov.bc.ca/gov/content/education-training/k-12/support/student-learning-survey>. Any computer or mobile device with an Internet connection can be used, and access to the e-survey is simple and secure. The survey can be accessed through the link and by clicking on Take the Survey. On the login page, click on the Parents icon, and then select the school district and school name where your child attends school. Provincial, District and School Reports for previous years can be viewed at the same site under the *Results* section.

The e-survey site will be open until May 1, 2026.

If you have any questions, please contact the school at Lakeview.info@burnabyschools.ca.

Students Moving

We have heard from several students that they are moving over the next couple of months or for September. If you are planning on moving this term or not returning to Lakeview in September, please notify the office at Lakeview.Info@burnabyschools.ca. This helps us in our planning, and it also allows for us to support students in their transition.
